

A Green Congregation Training Workshop

What: A training event for Green Teams of congregations wanting to begin or already in the process of greening your congregation.

When: Saturday, Oct. 13, 2007 8:00 a.m. – noon

Where: Our Saviour's Lutheran Church, 1234 Arlington Heights Road in Arlington Heights, IL

Cost: Free

Led by: Dr. David Rhoads, along with representatives of the Metro Chicago Synod

Who should come: Any person interested in greening your congregation. Where possible, we encourage teams of 3-5 or more people who would serve as catalysts in your congregations. Pastors are encouraged to come to learn about the program, and to offer support. Plan now to get your team together.

Why: All people have reason to be concerned about the environmental state of the world. As Christians, we have a special call to care for the earth by reducing our negative impact upon God's creation and by seeking to discover ways to care for God's earth.

Free resources will be available for introducing care for creation into worship, education, property, discipleship at home and work and public ministry.
